RIBEIRO'S SURPRISE OMISSION

(By "Skip")

London, August 1.

THE Sub-Committee appointed by the Hong Kong Lawn Bowls Association to select the Interport team for the forthcoming series of matches against Shanghai met in the Board Room of the "South China Morning Post" last evening when they made the following selections: A. Hyde Lay (K.C.C.) (Captain), H. A. Alves, (Recreio), A. E. Coates, (C.C.C.). H. H. Rose (K.B.G.C.), J. F. MacGown (C.S.C.C.), and P. E. Knight (C.S.C.C.). Those present at the meeting were Messrs. C. J. Tacchi (chairman), J. V. Ramsay, E. el Arculli, G. H. Sherriff, W. Russell, S. Deacon and C. B. Hosking, Hon. Secretary.

In my article on the Interport prospects in last Tuesday's issue, I gave my opinion of the various players whose names had been submitted up to the date fixed by the Association, namely July 25. To find in the above list names which appear for the

first time is rather disconcerting. The names of Alves and Coates were not submitted before the last meeting, or else, presumably, they would have been

announced with the others. The Association fixed a definite date before which names had to be sent in, they subsequently held a meeting at which they announced these to the public, and then on the night they meet to pick the teams two new stars have appeared in the firmament! It gives the critic a task

something akin to making up a jigsaw puzzle with some of the pieces missing, and on the face of it does not appear to be Lquite constitutional.

Team Strengthened Rumours of these added entrants had reached me, but I did and does not affect the players

themselves. The team, let me say right away, is considerably strengthened by the inclusion of these two players, Round of the Open Rinks Lawn whilst the selection of A. POWELL'S BRILLIANT WIN IN HALF MILE

London, July 13. A crowd of nearly 50,000 people Saturday to watch an historic A.A.A. Championship meeting. As thrill succeeded thrill (writes Harriet Cohen (Piano). didates gradually proved that we will be represented at Berlin by the finest athletic team we have ever had, thousands of the crowd left their seats in the stands and thronged the railings, oblivious of

championship final. These were the two races that everyone came to see; but if the excitement of these combats was not rounded off by the announcement of new British records, D. O. Finlay supplied that deficiency in the hurdle final.

Shrubb's Time Beaten

I have never seen hurdling that quite equalled the power and beauty of his last five flights. And P. D. Ward, smooth as velvet but strong as steel, beat Alfred Shrubb's 33-year-old English record in the three miles.

Nor was that all. For sheer excitement J. V. Powell's half-mile victory took pride of place, while A. W. Sweeney vindicated his speed and stamina conclusively in the sprints. He lost the 100 yards to the famous Dutchman, M. Osendarp, by an infinitesimal and disputed margin, and then relent-

The Scot then sprang his surprise - a devastating spurt, and swept to the tape amid tumultuous applause. It was a fitting climax to a great meeting.

The reasons for this state of affairs appears to be that the American public has all, but lost interest in "pro" tennis, "gate" receipts are ex tremely meagre.

NEW GLIBER. RECORD

COVERS FLIER 110 MILES

From Dunstable To Suffolk Coast

HELPED BY "SHEER FLUKE"

Lowestoft.

Cramped and exhausted, Mr. Philip Aubrey Mills, of Chapelstreet, E. C., a shipper and a mem ber of the London Gliding Club. climbed out of the cockpit of a cream-coloured glider on Pakefield cliffs on the Suffolk coast at about 4.30 one afternoon last month and discovered that he had set up a new British gliding record by flying 110 miles from Dunstable.

His machine, designed by his gliding partner, Flt.-Lt. G. M Buxton, and built in Yorkshire, was the first high performance glider to be designed and constructed in England. It cost

Weather conditions were bad when Mr. Mills set out at noon, and he intended to make only a short flight before lunch. Conditions improved when he got over Whipsnade and he rose to 3,600 feet and made a long glide northward.

Over Duxford he was forced down 800 feet and he could see nowhere to land. "By a sheer fluke," he said, "I found an upward current of air and was able to get altitude once more. Indeed I circled to get altitude 15 times during the trip. In fact. circled till I was sick.

Previous Record

The previous distance record for a British-made glider set up on April 19 by Mr. A. L. Slater, of Matlock, with a flight of 75 miles. A previous flight of 6,000 miles trip to his home. 95 miles was made in England with German-built machine late Mr. G. E. Collins. London Gliding Club, in

The world record was set up earlier in August, 1934, by four German pilots, who all succeeded in landing 310 miles from their starting-point.

CHANNEL BUOYS

TATHAT would modern navigation do without the channel buoys — those floating markers that keep ships off the shoals? In a very real sense, the advertise, ments in this paper are channel buoys, placed for your protection —for the safeguarding of the family expenditures.

These advertisements are the signed statements of reputable firms who seek your patronage on the single basis of giving value for every dollar spent. They are honest statements, the only kind an advertiser can use and remain an advertiser.

People who get the most for their dollar in the market-places are those who keep an eye on the channel buoys. Day by day, they follow the advertisements to learn what and where to buy to the best advantage. Make this a habit. Study the advertisements, in the interest of shrewder buying.

The advertisers in this paper have charted the channels of buying for you. Keep to the course.

BRIDGE NOTES

Cause And Effect By Ely Culbertson

Few contract bridge players, even in the expert, class, realize the significance of even a change in their bidding habits. To alter the requirements for a single bid may affect the entire structure of bidding, from opening one-bids to grand slams. For example, the minimum honour trick strength required for opening suit bid was changed, in 1935, from two and a half honour tricks to three honour tricks. This seems simple, yet its effects were manifold. Many responses which previously had been only semi forcing (such as the one-over-one and the two no trump take-out automatically became absolutely forcing.

Bridge players will find that the brilliant star she had been.
